

ERSO CELEBRATIONS

March 2023

"To make a great dream come true, the first requirement is a great capacity to dream; the second is persistence." – César Chávez

March Spotlight—*Dan Matsuoka*

"Research Administration and Compliance regularly pull individual RA and PI information from ERSO and publish it in Phoebe system. They are moving their data collection flows into more batch jobs with fewer individual queries, so Dan helped to create a new API that can provide bulk of RA's and PI's information into one query. This new API feature significantly reduces the amount of work for SPO and greatly improves the efficiency for Phoebe. Great job for Dan."

Congratulations Julie Tan—we salute you!

"Julie Tan is most deserving of recognition of this Staff Salute for all that she has contributed to ERSO in her short tenure with ERSO. Julie has stepped right in to expand our employee engagement efforts. She has successfully implemented various engagement events, deployed our monthly newsletter, manages various important tracking documents and many other actions all focused on creating engagement in our new remote world. This is only 50% of her role since she is actively managing a heavy recruitment load as well. I am very grateful for the care, creativity and attention that Julie has dedicated to employee engagement. THANK YOU, Julie!"

Happy ERSO-versary!
