Congratulations, Eboni—We salute you!

“Eboni was kind enough to make time in her very busy schedule to meet with Cathy, Leslie, and Sarah to discuss various scenarios of postdoc funding. We understand that HR has been inundated with the UAW contract implementation and nuances, and she still was able to meet with us, discuss the various possibilities, and provide additional clarifications/insights. It really shows her going above and beyond and being a problem solver as we all work together to understand and ensure compliance. Thanks so to much to Eboni and her entire team for working tirelessly and constantly answering all the incoming questions everyone has.”
